# German documentation

- Type: Improvement
- Documentation is now available in german.

The screenshot shows a web browser displaying the SMARTColor Online Help page in German. The page has a white background with a blue header bar. In the top right corner of the header, there is a logo for 'software b&w'. On the left side, there is a navigation menu with two main sections: 'Einführung' (Introduction) and 'Verwendung der Software' (Software Usage). Under 'Einführung', there are three items: 'Willkommen zur SMARTColor Online Hilfe' (Welcome to the SMARTColor Online Help), 'Über SMARTColor' (About SMARTColor), and 'Das Multifunktionsleisten UI' (The Multifunctional UI). The main content area on the right features the title 'Willkommen zur SMARTColor Online Hilfe' at the top, followed by the SMARTColor logo (a brain icon with three dots) and the text 'SMARTColor'. Below the logo, there is a copyright notice: 'Copyright seit 2017, B&W Software GmbH', followed by the address 'Weisse-Herz-Str. 2a, 91054 Erlangen, Deutschland' and the website URL 'www.buw-soft.de'.

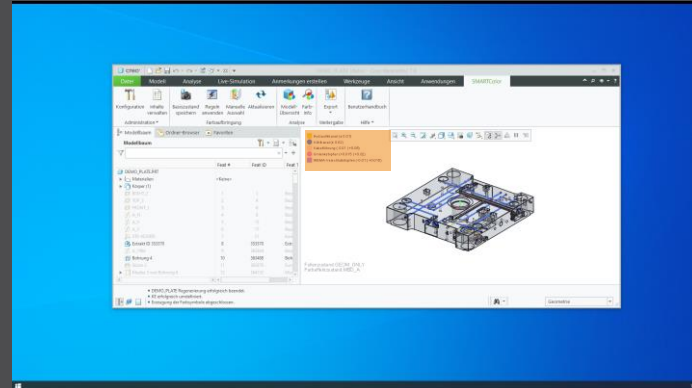

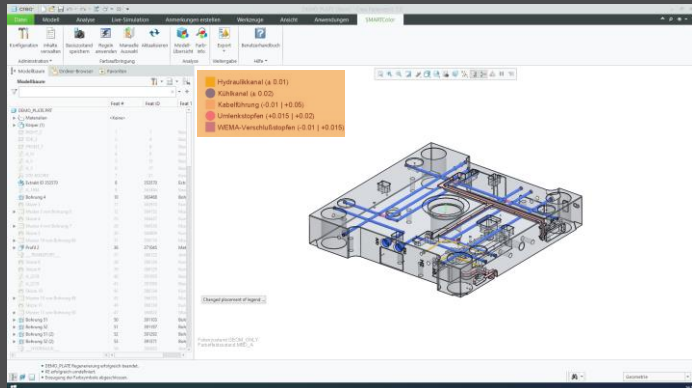

## Changed placement of legend symbols

- Type: Improvement
- Easier placement
- Calculated column width depending on the symbols
- Calculated row height depending on the symbol heights.

Option	Wert
 annotation_feature_name	MBD_COLOR_SYMBOLS *
 column_margin_left	30 *
 column_margin_top	30 *
 column_offset_left	4 *
 create_color_symbols	Ja *
 dynamic_size_adjustment	Ja *
 symbol_height_scale_factor	1.0 *
 symbol_offset_top	4 *

# Dynamic symbol sizing

- Type: Enhancement
- Dynamic symbol sizing to the graphical area of the Creo window
- This allows working on different resolutions without symbols overlapping or being unreadable.
- This is an optional setting that can be switched on with the dynamic\_size\_adjustment option. Default is true.
- Attention this option clear the undo redo buffer by changing the size of the graphic window.
